JACKSON-SILVER POST HAVING
7th ANNUAL CELEBRATION OF
VETERANS DAY, SATURDAY

A final plan was made last Thursday night at the regular meeting of Jackson-Silver Post & Unit, No. 69, Locke Mills, for their 7th Annual Veterans Day Celebration. It starts with a parade at 11 a. m., with the Telstar marching band furnishing the music. All veterans, Boy Scouts, the DUV of Bryant Pond, the fire department and some floats are expected to participate. At 12 noon there will be a fried clam dinner with all the fixings plus a piece of home made pie. A game party will fill in the afternoon and a dance at 8:30 p. m. closes the events.

The building committee reported that the shingles are about all on and the work on the electrical installations will begin at the new Post home on the Gore Road.

The Post voted in three new members and accepted a bid on the snow removal job for the winter.

The ladies are trying to get their memberships in and they will send \$10 to the Pine Tree Council of Boy Scouts in Portland in memory of District President Jane Pratt who recently passed away.

Saturday night, eight members and a guest attended the National Commander's banquet in Rumford. Put on your caps and let's march on Saturday. There will be a car for a few of the "Old Timers" to ride.

MEASLES VACCINE CLINIC
SCHEDULED FOR "TELSTAR
MIDDLE/HIGH SCHOOL

Recently the Bureau of Health urged all school districts in the State of Maine to help avoid a possible measles epidemic by holding clinics during the month of November in order to protect students in grades 7-12 against measles.

Telstar Middle/Regional High School has scheduled a measles vaccine clinic for Tuesday, Nov. 14.

This week letters have been sent home to Telstar students to parents whose children (grades 7-12) may not have adequate protection against the measles disease. These students include: 1. students who received measles vaccine before January 1968; 2. students who have received no vaccine; 3. students who have had the disease.

In order to avoid possible exclusion from school in the event of a local or state measles epidemic, parents are asked to read the letters and sign either the bottom of the letter or the request for a measles vaccine and promptly return it to school.

Please direct any and all questions to: Sue Bartlett, District Nurse, at 824-2136, Extension 21.

Sunday River

— Mrs. R. M. Fleet, Corres.

What a spell of lovely fall weather we are having. Hunting season opened today, Nov. 4. Unless we get a good rain it will be a "rattling" deer season. Everything is dry.

Viva Whitman spent Friday night with her mother, Eva and brother, Russell before leaving Saturday morning for Florida where she has work for the winter at Pompano Beach.

Mrs. Linda Blake was in Lewiston Friday to get her new glasses.

Laura Hutchins and Lucy Adams were dinner guests of Eva and Russell Yates Saturday, also Mr. and Mrs. Michael Woolf of Sabattus, were dinner guests.

Dealers arrived at the Hathaway home Saturday. The deer had best run for the real back woods any day for the next month.

Bear River Grange #225 met at their hall, Oct. 23. The regular business was carried on. We had several visitors and all marveled at how nice our dining hall looked after a paint job by the Newry Mothers Club. It sure looks nice. Our speaker was Eric Wight of Rumford Center. He spoke on hunting safety and showed slides on a Game Warden's Services. It was most interesting—the pictures were so nice even "half blind" yours truly could see them.

Mr. and Mrs. Clayton Blake and Eva Yates were in Dixfield Oct. 30 to see Dr. Wadhera.

Thanksgiving is just around the corner and Santa is getting packed for his trip so keep smiling and praying for rain for we need it bad. One thing we are sure of is "snow" that will be coming.

Lillian Conant, Bethel, was at the Yester on Thursday.

All the Verrills have returned to Concord, Mass. The older ones will not be back until March to tap the maples. The younger to the ski slopes will be back.

David Fleet's three pigs went over to see Barbara Yates the other day and Barbara's honey bees went up to David Fleet's and into their pig grain.

Julia Fleet is gaining but has to have another checkup this week.

East Bethel

— Mrs. David Foster, Corres.

There will be a meeting of Alder River Grange on Friday, Nov. 10 at 7 p. m. at the Grange hall—if we can.

Mr. and Mrs. Robert Hastings, Mr. and Mrs. Warren Hastings and family attended a pre-Thanksgiving dinner Sunday at the home of Mr. and Mrs. Al Bancroft on Paris Hill.

Hugh Clark of Pennsylvania and Mr. and Mrs. Robert Dingley of Lisbon, visited Mr. and Mrs. Robert Hastings recently. Mr. Clark's mother was Lillian Kimball of East Bethel.

Mr. and Mrs. John Hicks were in Lewiston Wednesday, shopping and later visited Mrs. Charles Frazer and family.

Chester Kimball returned home from the Stephens Memorial Hospital, Norway, Wednesday. He is getting along quite well. Dale Kimball of Atlanta, Ga., telephoned his parents, Mr. and Mrs. Chester Kimball, Sunday.

Mr. and Mrs. Charles Keith of Livermore were Saturday visitors of Mr. and Mrs. Almon Coolidge.

Mrs. Marie Tyler of South Woodstock, visited Mr. and Mrs. Leonard Tyler Sunday.

Mrs. Linda Frazee of North Woodstock; Mrs. Josephine Tyler of Dixfield; Mrs. Cindi Cox and Mrs. Myra Foster were in Lewiston Wednesday, shopping.

Dave Berry and John Foster of Andover were luncheon guests of Mrs. David Foster Thursday.

Mrs. Walter Hamlin visited Mrs. David Foster Sunday.

Mrs. Richard Cox and daughters Laura and Lisa and Mrs. David Foster attended the 13th birthday party for Daryl Tyler at his home in Dixfield Sunday.

Northwest Bethel — North East Lovell

— Clarice Gibson, Corres. —

The news this week is about as sparse as the leaves on the trees. A lot of people I didn't find home and many of them have just been enjoying our long stretch of Indian summer. This is giving us a chance to get stonewalls up and other jobs that always seem to pile up in the fall. The much needed rain has still not arrived and we are all wondering will it before

the ground freezes.

The river has been a never ending

change of beauty. In the morning,

on a clear day, the pinks, grays and other colors of autumn are reflected in the water making not

only the beautiful sunrise but the

sky but also of the water. The sun

has been in the right location lately so that at nighttime it has

shone on the moving river giving it a sparkling beauty. Imagine thousands of blinking Christmas lights going off in one place, coming back in another. This is how the river has been. One day I kept going back again and again to look at this beautiful sight.

Monday the fog was so thick one could not even realize that the river was there.

The only lucky hunters I have heard of on this road were Dick and Ricky Angevine. I guess, not only are the deer scarce, but also the woods are noisy. The lack of rain has dried up things so much that with each step one can't help but make noise.

Sue Anderson and others from Bethel went to Faith Bible Church at Rumford Point Sunday.

**HOW MUCH SKI TOURING
FOR BETHEL?**

An estimated \$3,000, is needed
to maintain Bethel's in-town ski
touring trails and provide a mod-
est start toward consolidating the
common aspects of the Sunday
River-Bethel-Mt. Abram ski tour-
ing programs. Goals and means for
such a program were discussed on
Thursday evening at the Bethel
Inn by approximately 17 interested
people representing a variety of
local cross country skiing activi-
ties. The group calls itself the
Bethel Area Ski Touring Founda-
tion. The goals are basically two

First, the group wants to sus-
tain a cross country facility for
local school students, Gould stud-
ents and recreational skiers from
Bethel on land owned by the Bethel
Inn, Gould Academy, and the
Chadbourne family. To raise the
necessary funds, the group pre-
ferred a subscription program over
collecting trail use fees.

Secondly, the longer range goal
of the "Foundation" would be to
knit together commercial, Gould,
Talstar, and Recreational Board ski
touring programs into an organization
for maintaining, expanding and
promoting ski touring in the
greater Bethel area. The second
object is generally modeled on

The first parade of children dressed in all sorts of costumes marched around while the judges had to come to a hard decision.

The Bulldogs took advantage of one Telstar mistake after another. Big plays, such as two halfback options, either accounted for scores or set up scores for the winners.

Telstar had 140 yards passing and 97 rushing for 267 total yards. Madison, on the other hand, had 40 through the air and 97 on the ground for 137 yards. Seven turnovers by Telstar made the difference. Madison made four interceptions and recovered three Rebel fumbles, effectively cutting off any potential scoring bid.

A halfback option, a surprise play on a fourth-and-10 situation, scored the first touchdown for Madison, in the first period. Telstar looked as if it would take the ball over on downs when halfback Kevin Withee, taking a handoff, spotted end Jeff Smith alone in the end zone. Smith caught the ball, Don Green kicked the extra point, and Madison was ahead 7-0.

That's the way it stood through the first half. In the third period, Madison scored again and it was another halfback option that set it up. Withee spotted Smith again on the same play from the 20 and Smith carried it for the one. Two plays later, running back Lee Soucy smashed over for the score. Telstar blocked Green's extra point kick and Madison's lead was 14-0.

SENIOR CITIZENS MENU

Greenwood City —

— Mrs. Colista Morgan, Corres. —

It was a clear bracing day in the richness of autumn time. The leaves were all down except the oaks and beeches. Even my weeping willow has finally conceded that summer is over.

On this morning I went again, by truck this time, to see the tamaracks in their bronze flames on Patch Mountain. They'll shed all their needles very soon but before they fall they are the most beautiful tan-bronze color imaginable.

The same morning the White Mountains were snow capped, such lovely savage hills. We didn't stay long, just time enough to view these beauties shimmering in the sunlight and as soft as kitten fur.

Another day Ruth and I made our annual journey through the farm fields and up Noyes Mountain to the old Buck camp. It's a place we have always loved but today it was a bit sad for the forest has been carved away on all sides of the camp and the camp has fallen to ruin. Its magnificent fire place and chimney still stand. This section we have returned to again and again. It has always been rich in both natural and human history. We always enjoyed the darkly forested area, tall hemlocks and pines, huge boulders and ledges, and the Virginia fence. It has been a typical town treasure that made each trip worthwhile. But today was an eerie visit and genuine sadness as we stood on the ledges and looked down upon a ghost camp, stone walls and house-surroundings buried in the brush.

We moved around cautiously from ledge to ledge and looked across into the valley by the tower.

The next forest here will be quiet different from the one we knew. Hemlocks may take over completely and the great pines now lost will have to move on to colonize some other sunny place.

Coming back we stopped at the Garland cemetery, where few stones are standing and bushes are growing in.

At this point before the road starts to dip back down into the valley, there is a cellar hole; the roots of a great birch tree still grasping its stones. This was the home of the Garlands.

Clouds hung low over the hills and pastures as we entered the fields again. Brown grass carpeted these fields and soft rugs were beneath the maples and oaks.

Pearl-gray smoke drifted from various chimneys, dissolving into nothing.

So comes November when day's end comes quickly. It just closes its curtain abruptly. There may be a few Indian summer days with mellowess, but November is a pre-to winter.

It's a lovely old world wherever you look.

From the sky of blue to the babbling brook,

The old rail fence that is quaint and dear —

Mother Nature's charm since the autumn's here.

It's a charming old world with its smiles and tears,

With tomorrow's dreams that can banish fears;

A peaceful morn in the wake of dawn.

With a world of joy we can gaze upon. —Garnett Ann Schultz

So many times I have wished that I might see a cardinal and this week my wish was fulfilled. When at Ruth Hastings' one came to her feeder. What a beauty!

Club Eight met for the first time this fall at Ruth Hastings' in South Paris on Tuesday afternoon. Katie Tamminen won the hostess prize.

Mr. and Mrs. Frank Curtis, Mrs. Eva Felton, Mr. and Mrs. Clyde Morgan were in Shapleigh on Sunday for the wedding anniversary party for their sister and husband, Mr. and Mrs. Franzie Mills.

Ruth Hastings and I called on Eva Mills and Ruth Ring, Locke Mills, on Saturday afternoon.

John Betts, Portsmouth, N. H., was at his home here a few days, then went with friends to their camp for a few days of hunting.

Mrs. Joy Phillips and son who has been visiting her grandparents, Mr. and Mrs. Rolly Hayes, left for her home in Kentucky on Monday morning.

Ardell and Betty Hayes, Auburn, were at the Hayes Homestead on Saturday.

IN MEMORIAM

In loving memory of
Verna Corkum
who left this earth Nov. 13, 1964

From his loving daughter,
Nancy

My Dad
A father of six who himself
often went without.

Ever sacrificing for his family
of his love, there was no doubt.

Guiding with warmth and under-

standing,

yet finding time to listen to

our problems.

Ever whistling happy tunes,

To the Lord he would rejoice,

Then for reasons we could not
understand,

You took away his voice.

A quiet man by nature,

he could easily have become a

mute.

But not my Dad. Through faith

and determination,

he found ways to substitute.

He now communicated in a strange

voice.

But with deeper meaning and a

serene attitude.

From a man who had reason to be

bitter and discouraged,

we were hearing songs of praise

and gratitude.

Thankfulness for being alive,

for his "Lease on Life"

For four bonus years

With his family and devoted

wife.

When his pain became too much

to endure,

You took him "Home" with you.

He never questioned—he was

ready,

and tried hard to prepare us

too.

But I still miss his crooked smile,

his gentleness, his warmth and

his touch.

Perhaps I always will

because I loved him so much.

I know he's at peace with you

though,

so I try not to be sad.

Thanking that you're watching over

Your child—my Dad.

FOOD FOR THOUGHT

(CFNC News)

Copper vs. zinc. Properly balanced, the two serve very important functions in our bodies. Copper is necessary for the manufacture of hemoglobin, but has a tendency to overaccumulate in the blood and further deplete the brain's zinc supplies. So, if you're suffering from menstrual problems, hypoglycemia, sore joints, loss of hair, loss of taste; feeling tired, irritable, headache, anxious, unable to relax, sleep, or just plain depressed, the problem may have everything to do with too much copper and not enough zinc, according to Rosalind LaRoche, a psychiatric counselor, at the Brain Bio Center, Princeton, N. J.

Although copper, she says, is present in birth-control pills, multi-purpose vitamins, car pollution, cigarettes, and water pipes, its toxicity is never considered by the medical profession. A woman with an irregular period might go to a doctor, and receive a prescribed birth-control pills, says LaRoche, which is exactly what she doesn't need if she's zinc deficient.

Of course, there is more work being done with other vitamin treatment, and the nutritionists report spectacular results, treating:

Alcoholism with megadoses of niacin, vitamins C, B-6, and high protein diets;

Senility with zinc and manganese.

Migraine headaches with niacin, calcium, and Benadryl.

Hyperactivity in children with a biochemical compound deanol;

Insomnia with vitamins C, B-6, and inositol;

Impotence with B-6 and zinc.

As for the way supposedly healthy Americans eat, the staff of the Brain Bio Center can only lament.

Overprocessed foods, too much starch, sugar, and fat are not only contributing to heart disease, hypoglycemia, and diabetes, they say, but the historical decline of the American people.

So, what's the public to do? Educate.

(Bethel Emergency Ambulance & Rescue Service)

The November meeting of the B.E.A.R.S. will be held Sunday, Nov. 19, at 7 p. m. The change is due to the E.M.T. Refresher Course starting Nov. 20 in Norway.

Effective Oct. 1, this year, a new law went into effect concerning the re-licensing of ambulance attendants. Besides being trained and tested by qualified instructors as has been done in the past, it is now State law that they be given a written and practical test each year by the State, prior to being re-licensed. This testing would not take place in Bethel, but probably Augusta or Lewiston.

If the instructors are qualified (and they are) enough to train and test people why should they be subject to a second testing by the State. We feel this is not necessary. As volunteers we have not the time to attend something being held in Augusta or Lewiston.

At 7 o'clock, Dr. Wayne F. Gersau will address parents in the Auditorium, outlining his goals for the year, discussing the curriculum changes instituted in the 1978-79 school year, and explaining the new rank cards.

Beginning at approximately 7:15, faculty members will be available for consultation and informal discussion of students' performance in their classrooms. This will provide an opportunity for parents to meet the faculty and to tour the facilities.

During the evening, at 7:30 and 8:00, Mrs. Joann Guinness, School Counselor, will give a brief description of college application procedures to any interested parents. Mrs. Guinness' presentation will be held in the Library at the high school.

Mrs. Joann Wirth, Health Education Resource Council Coordinator, will be available throughout the evening to discuss the health program for MSAD #44. Mrs. Wirth is currently surveying parents, students, faculty, and community members to determine the content and scope of the district health curriculum.

The public is welcome to attend the back-to-school night to tour the building and meet the staff members at Telstar. All the rooms will be open and residents who have not seen the facilities at Telstar may be pleasantly surprised at the quality of the shops, lab facilities, and classrooms.

Throughout the evening, refreshments will be provided in the cafeteria by the home economics students of Mrs. Thelma Domkowski and Mrs. Venessa Arsenault. The Open House will conclude at 9 o'clock.

LIVING NATIVITY UPDATE: Seven people showed up for the first planning meeting of the Living Nativity. Much was accomplished in one hour's time. Frank Fiske showed the film of Bethel's first Living Nativity in 1963. This year will mark the 15th anniversary.

A few minor differences were noticed. One being the manager itself, which was much larger, and there were no angels. The overall atmosphere of simplicity continues to exist today, making this the unique experience that it is.

At the time of this writing, there were still a few committees needing chairpersons, such as publicity, pageant director, construction of manger and corral, telephone and clean-up. Please join in this community project. Call Lynn at 824-2233. Next week there will be a list of all committees and chairpersons available. So far the response has been terrific. One month from now, Dec. 11, will mark the week-long full-throttle preparation for the pageant on Dec. 17. Be ready! Here's a catchy slogan to remember: He who is not ready today, will be less so tomorrow.

**HISTORICAL SOCIETY HAS
PROGRAM ON CHAIRS, NOV. 2**

"Two hundred years of chairs" was the topic of the monthly meeting of the Bethel Historical Society held last Thursday evening in the meeting room of the Dr. Moses Mason House. The program was presented by museum committee members Marge Noll and Judy Haskell.

Chairs have been very important to Americans not only for their utility but also for their esthetic value in home furnishing. They appear throughout American history in a wide variety of styles, many combining features from two or more periods. Important design periods in America which have produced specific styles and types of chairs are the Pilgrim (1620-1670), Jacobean (1670-1694), William and Mary (1694-1710), Queen Anne (1710-1750), Hepplewhite (1755-1800), Sheraton (1800-1830), Empire (1810-1840), Victorian (1840-1890) and Mission (1890-1910). Styles vary from the delicate and graceful Hepplewhite chair to the heavy and often ornate Victorian.

Chairs or slides of chairs of all periods were shown. Many chairs were brought by those attending, several of which were of an unusual nature.

Following this presentation a special film on historical archaeology was shown.
